EDUCATION

ABES Institute of Technology

Bachelor of Technology, Computer Science

Ghaziabad, UP

October 2021 – July 2025

Fatima Convent Senior Secondary School

Intermediate(12th)

Ghaziabad, UP

April 2020 – March 2021

Fatima Convent Senior Secondary School

High School(10th)

Ghaziabad, UP

April 2019 – March 2020

INTERSHIP

Web Development using Php and MySql

July 2024 – Aug 2024

Internship at ABES Institute of Technology

- Developed and maintained dynamic web applications using PHP and MySQL, implementing features such as CRUD operations to enhance functionality and user interaction.
- Collaborated on database design and optimization tasks, ensuring efficient data retrieval and management while adhering to best practices in PHP programming.

PROJECTS

Personal Portfolio Website

Dec. 2022 – Jan. 2023

Developed a Responsive and Interactive Website

- Created a personal portfolio website utilizing languages like HTML, CSS, and JavaScript to effectively present skills and projects.
- Implemented dynamic features, including dark/light mode and smooth animations, to enhance user interaction. Ensured full responsiveness for optimal performance across various devices such as desktops, tablets, and smartphones.

PC Component Marketplace

June 2024 - August 2024

A User-Friendly Platform for Browsing and Comparing PC Components

- Developed a dynamic web application for a PC component marketplace using PHP and MySQL, facilitating a seamless experience for buying PC components.
- Implemented CRUD (Create, Read, Update, Delete) operations to effectively manage product listings, user accounts, and transactions, ensuring a comprehensive and user-friendly interface.

Current Affairs of India Using React

April 2024 – May 2024

Live News Application

- Developed a React.js application that delivers live news and current affairs updates from India.
- Integrated APIs to fetch real-time news data, ensuring content is always current. Designed an intuitive and responsive user interface for seamless navigation and quick access to the latest updates.

CERTIFICATES

Introduction to C++

March 2024

- Gained a solid understanding of object-oriented programming principles in C++ and achieved proficiency in basic C++ syntax and programming fundamentals.

Frontend Development

October 2023

- Developed skills in HTML for structuring web pages, CSS for styling and layout, and JavaScript for creating interactive elements. Familiar with responsive design principles and modern frontend frameworks.

TECHNICAL SKILLS

Languages: C/C++, Python, HTML, CSS, JavaScript, PHP, MySQL, Bootstrap

Frameworks: React.js

Developer Tools: Visual Studio Code, PyCharm, Git, Microsoft Word, Excel
